complex regional pain syndrome pdf

Complex regional pain syndrome (CRPS), also known as reflex sympathetic dystrophy (RSD), (and also sometimes referred to as the "suicide disease", due to the intensity of the discomfort experienced, and the lack of a cure or effective treatments) is a disorder of a portion of the body, usually starting in a limb, which manifests as extreme pain, swelling, limited range of motion, and changes ...

Complex regional pain syndrome - Wikipedia

Complex regional pain syndrome (CRPS) is a chronic pain condition. It causes intense pain, usually in the arms, hands, legs, or feet. It may happen after an injury, either to a nerve or to tissue in the affected area.

RSD | Complex Regional Pain Syndrome | CRPS | MedlinePlus

Complex regional pain syndrome (CRPS) was described for the first time in the 19th century by Silas Weir Mitchell. After the exclusion of other causes, CRPS is characterised by a typical clinical constellation of pain, sensory, autonomic, motor, or trophic symptoms which can no longer be explained by the initial trauma.

Complex regional pain syndrome – up-to-date : PAIN Reports

Complex regional pain syndrome is an uncommon chronic pain condition. It develops spontaneously or following an injury. The features are limb pain, allodynia, hypersensitivity, hyperalgesia, abnormalities of the vasomotor, sudomotor and motor systems, and trophic changes, with reduced use of the affected limb.

Complex regional pain syndrome | Australian Prescriber

INTRODUCTION. Complex regional pain syndrome (CRPS) is defined as a disorder of the extremities characterized by regional pain that is disproportionate in time or degree to the usual course of any known trauma or other lesion.

The Faces Pain Scale - Revised (FPS-R) is a self-report measure of pain intensity developed for children. It was adapted from the Faces Pain Scale to make it possible to score the sensation of pain on the widely accepted 0-to-10 metric. The scale shows a close linear relationship with visual analog pain scales across the age range of 4-16 years.
