

fairclough critical discourse analysis pdf

Background. Critical discourse analysis emerged from 'critical linguistics' developed at the University of East Anglia in the 1970s, and the terms are now often interchangeable. Research in the field of sociolinguistics was paying little attention to social hierarchy and power. CDA was first developed by the Lancaster school of linguists of which Norman Fairclough was the most prominent figure.

Synthetic personalisation is the process of addressing mass audiences as though they were individuals through inclusive language usage. It developed from critical discourse analysis (CDA), a branch of sociolinguistics concentrating upon how power is articulated.. Norman Fairclough, credited with developing the concept, calls it "a compensatory tendency to give the impression of treating each ...
