Open Access journals are the major source of knowledge for young and aspiring generations who are keen in pursuing a career in sciences. This system provides easy access to networks of scientific journals. Authors that contribute their scholarly works to Open Access journals gain remarkable reputation as the research scholars explore these works extensively.

### **Free Access to Scientific Journals - Open Access Journals**

D-Limonene is a naturally occurring class of MONOTERPENES which occur as a clear colourless liquid at room temperature. Limonene is the major component in the oil of oranges which has many uses, including as flavor and fragrance.

Concept Metaphysics. The nature of cause and effect is a concern of the subject known as metaphysics..  
Ontology. A general metaphysical question about cause and effect is what kind of entity can be a cause, and what kind of entity can be an effect.. One viewpoint on this question is that cause and effect are of one and the same kind of entity, with causality an asymmetric relation between them.
