ABOUT THIS JOURNAL Welcome to the home page of the Journal of Sustainable Energy Engineering (JSEE), committed to publishing peer-reviewed original research seeking sustainable methods of worldwide energy production through engineering, scientific, and technological advances. Our aim is to publish your work as efficiently and effectively as possible so the world is aware of it.

Scrivener Publishing journals: 1

Renewable energy is energy that is collected from renewable resources, which are naturally replenished on a human timescale, such as sunlight, wind, rain, tides, waves, and geothermal heat. Renewable energy often provides energy in four important areas: electricity generation, air and water heating/cooling, transportation, and rural (off-grid) energy services.

Renewable energy - Wikipedia

Background Search for resources. As the United States developed the Southwest, the Colorado River was seen as a potential source of irrigation water.
